Software Engineer

Passionate and goal-driven Software Developer with hands-on experience in building and optimizing fintech solutions. Skilled in front-end and back-end technologies including React, Node.js, Express, MySQL, and ASP.NET (C#). A fast learner with strong problem-solving skills, trained through multiple coding bootcamps and a formal learnership in systems development. Dedicated to creating efficient, scalable applications and continuously improving technical expertise.

EDUCATION

Melsoft Academy — *Software Engineering Bootcamp*
Johannesburg, South Africa | **May 2024 – Jan 2025**

- Focused on full-stack development and software architecture.
- Built RESTful APIs using Node.js, Express.js, and SQL databases.

SheCodes — *Front-End Development Bootcamp*
Remote | **Jan 2023 – Jan 2024**

- Mastered HTML, CSS, JavaScript, and React.
- Created responsive, interactive front-end projects.

Dynamic DNA — *Systems Development Learnership (NQF 4)*
Johannesburg, South Africa | **Mar 2025 – Feb 2026**

- Gained practical experience in programming, databases, and system design.
- Completed hands-on development projects as part of the learnership program.

TOOLS & TECHNOLOGIES

- **Front-End Technologies:** HTML, CSS, JavaScript, React
- **Back-End Frameworks:** Node.js, Express.js, ASP.NET(C#), Python
- **Databases:** MySQL, SQL Server
- **APIs:** RESTful
- **Version Control:** Git, GitHub
- **Authentication:** JWT, OAuth
- **Testing Tools:** Postman

CERTIFICATIONS & BADGES

- [Microsoft Certified: Azure AI Fundamentals](#)
- [AWS Cloud Essentials badge](#)
- [AWS Cloud Computing 101 badge](#)

PROFESSIONAL EXPERIENCE

Reality AI Lab | Software Developer   Dec 2024 – Mar 2025

- As a Software Developer at Reality AI Lab, I contributed to designing and optimizing the full-stack architecture for Marvel AI, an AI-powered Teaching Assistant, and Sky AI, an AI-driven Career Coach.
- My work centered on developing user-friendly, scalable tools for education and career guidance.

Skills: React, Node.js, Express, SQL, APIs, AI, Git, GitHub.

Cranium Investments | Software Developer   Sep 2025 – Present

- Developing and maintaining fintech solutions to streamline client operations.
- Optimizing IT systems to enhance speed, reliability, and scalability.
- Collaborating with the development team to support innovative financial technologies.
- Debugging, testing, and documenting features in both front-end and back-end systems.

Skills: HTML, CSS, Python, SQL, APIs, AI, Git, GitHub.
